Australia's World Class Lures

Predatek Jindivik

Predatek's Classic medium runner. **Jindivik** is an aboriginal word meaning "the hunted one" With its arrowhead lip and forward tow point, Jindivik is a unique design with a special action and low resistance shape for long distance casting. A rugged **Predatek** best seller. This lure handles crank speeds or troll speeds up to 9 knots, and cuts through the water with a narrow, rock'n'roll action.

Jindivik casts like a bullet, thanks to it's compact, aerodynamic shape. When you want a plug for distance and accuracy, **Jindivik** is one of the best.

Rock'n'Roll Action.

This lure combines a side to side wobble with a rolling movement to create a fluid action favoured by barramundi anglers.

Cast **Jindivik** in mangrove creeks and estuaries or troll it fast in the blue water. Either way, it will live up to its name and get hunted, hard and often.

Jindivik

Length – 80mm, Weight – 17gms,
Depth – 3m (10ft), Speed – 9 knots
